

PURE GOLD®

Unsolicited Client Comments

"absolutely the 'funnest'".

"There was rockin' & rollin' until the very last note. The party could have gone on all night...loved the music and showmanship."

"We couldn't have scheduled a more professional and entertaining group."

"We are looking forward to setting another attendance record."

"Best party we've had so far."

"16-year old kids are dancing around the auditorium, 45-year-old parents are rocking in their seats and the 55-year-old superintendent and 60-year-old principal are clapping to the beat and smiling ear to ear."

"my friends thought it was 'Animal House'".

Critical Acclaim

"Pure Gold possesses so much pure talent and class...established as one of the finest oldies acts in the country."

"Pure Gold's Manhattan-Transfer approach dazzles throughout the Four Tunes 'Marie,' and has given me goosebumps since 1983...more than soulful messengers as they resurrect and restore these songs with the passion of an avid record collector."
